You'll always be glad
you bought sterling

When only a cup or two of your favorite china remains, when you've discarded many pieces of furniture because styles have changed, when cherished table linens are but a memory, you'll still prize the solid silver you select now.

For today silver is made in patterns that never go out of style. Their simple proportions and graceful lines add distinction to any environment. Time but adds a mellowing touch; long usage a closer bond of affection. Our patterns in solid silver are the choicest we could select. Many of them are exclusive with this store. They are of a high order of artistic merit, and harmonize well with any table appointments. Yet our prices are very moderate. You'll do well to visit our silver department and see first before you buy silver anywhere.

Thomas Irlam.

Mr. Robert Hockenbush as Elijah, April 3rd, State Street Church.

ON VARIED THEMES.

The Smilometer.

Dr. Elliott, one of the speakers at the teachers' convention, told his hearers that some day someone will invent a machine which he has already named the "smilometer." This is of apparatus, he said, will be used in the school room to measure the state of cheerfulness in which the teacher is found. It will serve as a check to moroseness, irritability, pessimism and allied evils of mind and will promote in their stead cheerfulness and contentment.

The use of the smilometer will not be confined, when it comes, to teachers, for a great and useful instrument it will be. People have not now and probably will not for some time yet, come to a full realization of the duty of cheerfulness and so the new machine will be of value. With the average person the gloomy alien is more the result of forgetfulness than anything else and if the smilometer enables one to see at once just what sort of an appearance is presented to others, makes one realize the state of mind, the very fact of being able to recognize the condition, will bring the remedy.

Cheerfulness is a duty. Cheerfulness is a virtue. It contributes much to the happiness of the individual and gives largely to the world. It may be some time before the smilometer is perfected, and meanwhile people can bring to pass the results which will accompany this invention by simply remembering to be cheerful themselves, to preach the gospel of cheerfulness and to strive to bring to others something of the happiness there may be in their own hearts and lives.

Dirt in Milk.

Investigation has shown that the quantity of dirt which finds its way into milk between the time of milking and the time of consumption is considerable. It has been estimated that St. Louis annually consumes twenty-five tons of dirt in its milk supply. A few years ago Prof. Delapine calculated that 100 pounds of dirt was contained in every 400,000 gallons of milk supplied to the City of Manchester, England.

Dirt is not the only undesirable thing that gets into milk, for according to the investigation conducted into the Jacksonville milk supply by Dr. Joseph A. Capps, impure milk was the basic cause of the epidemic of septic sore throat which prevailed here this winter. The investigations conducted by Dr. Capps at his own expense was simply in the line of research work and the results have been supplied to Jacksonville people at their request.

Dr. Capps has made other investigations of like kind elsewhere and his purpose is to acquire facts which he can use to advantage in his professional work and which may be of value to the public at large. The chief value to Jacksonville in the whole matter is the emphasis given to the need for some regulations of the milk industry. An ordinance both stringent and fair providing for right dairy conditions and for inspection, an ordinance which can be enforced, is desirable.

The Meaning of Good Roads.

"Good roads" is possibly getting to be something of a hackneyed subject to write upon, but the need for a vast amount of writing is still apparent for the full amount of work desirable is not yet forthcoming. The people of Jacksonville and Morган county should certainly begin at once to prepare for movement to observe Road Day designated by Governor Dunne. April 15th is the day fixed and if everybody takes some interest in it matter there will not only be better roads for a few days, but for months afterward. Better roads will mean more business, greater comfort and a vast amount of money saved.

Strive For Better Rates.

The transportation committee of the Chamber of Commerce has called a meeting for tomorrow night when the subject of freight rates as applied to Jacksonville will be given consideration. The rates accorded Jacksonville from and to the east are not as low as those in effect for Springfield and Peoria. The difference in the cost of merchandising which this added expense involves must in the final analysis be paid by the consumer. So the subject of freight is of general interest to the people and if the transportation committee can suggest ways and means whereby more equitable rates are made to apply to Jacksonville a great and good work will have been accomplished. The committee may as well face this fact however, that to secure a general re-adjustment and classification of freight rates is no small undertaking and will require serious and continued endeavor.

Churches Work in Union.

Dr. Robert F. Coyle, who recently resigned the pastorate of a Chicago Presbyterian church to take a pulpit in Denver thinks there are too many churches in this country. He says: "America is over-churches. If some providential hand could sweep over the country and carry off about one-tenth of the churches that exist it would be a merciful dispensation. The number of churches is too far in excess of the number of men who are willing to go into the ministry."

"The day is coming when the Protestant churches will be one," he added. "The movement is slow but sure. Sectarian prejudices no longer hold ground with the educated and creeds are slowly dying."

Dr. Coyle may find those who disagree with him as to the need of a fewer churches but the note he sounds about the breaking down of sectarianism is a general responsive chord. The "Go to

Church" movement in which protestant churches are uniting is an indication of this very spirit. It is a pleasing thing to see the spirit manifesting itself right here in Jacksonville. Next Sunday is to be observed as "Go to Church Day" and the pastors and the special committees of arrangement will urge attendance not at any special church but simply at some church.

MISS DAISY MAY COONS TO WED MR. TILMAN J. STOUT

Announcement Made Yesterday at Party Given by Miss Ethel Cloyd—Marriage Will Take Place in Early Spring.

Miss Ethel Cloyd entertained at a brilliantly appointed luncheon Saturday, at which time the engagement of her cousin, Miss Daisy Coons to Mr. Tilman J. Stout of this city, was announced. The wedding is to take place in the early spring.

The luncheon, which was held at the residence of C. M. Coons, east of the city, was unusually beautiful, in every detail. The colors were pink and gold. An immense gold basket in the middle of the table held Killarney roses. At each plate were small gold baskets of Killarney rose buds and smilax, also gold baskets and tiny roses, held nuts and bonbons. Eight courses were served, each course carrying out the color idea.

The announcement was made at the last course. Gold china cups bore the hearts holding the initials, thrown over their shoulder, hunter fashion.

Miss Coons is the daughter of Mr. and Mrs. C. M. Coons and is well known in Jacksonville where she attended the Woman's college and also DePauw university, Greencastle. She is a member of the Eta Beta Pi Club and the guests yesterday included members of that organization and a few intimate friends of Miss Cloyd.

Mr. Stout is the son of Mr. and Mrs. G. W. Stout of 946 North Church street, and has always made Jacksonville his home. He is a graduate of the high school and for sometime has been employed in the Frank Byrns store.

A GREAT VARIETY OF COATS TO SELECT FROM AT HERMAN'S.

TWO DISTINCT TORNADOES STRIKE SMALL KANSAS TOWN

Storms at Frederick Come Fifteen Minutes Apart and Do Great Property Damage.

Topeka, Kans., March 28.—Several people were injured by a tornado which struck Frederick, a small town in Rice county today, according to reports received here tonight. Later advices said two distinct tornadoes struck Frederick, which has a population of two hundred persons. The storms came fifteen minutes apart. The first struck the little town at 5:15 o'clock destroying the south end of the place.

Hardly had the people of Frederick emerged from their cyclone cellars when the second tornado came. It traveled higher than the first and its principal damage was in the unroofing houses and barns. The storm did but little damage at Geneseo, which at first was reported destroyed.

REPORT ON SORE THROAT EPIDEMIC

DOCTORS CAPPS AND DAVIS TELL OF CONDITIONS HERE.

Investigation of Disease in Jacksonville Related by Chicago Physicians Before Local Medical Society—Outline Ordinance for Better Milk Supply.

At a special meeting of the Morgan County Medical society held at the public library Saturday evening, reports were heard from Dr. Joseph A. Capps and Dr. J. Davis of Chicago, on the sore throat epidemic in Jacksonville. It will be remembered some time ago that the investigations by the Chicago physicians were mentioned in the Journal and it was the result of their findings that were heard last night. Milk from infected cows was given as a cause for the epidemic of sore throat and the speakers outlined an ordinance which they thought should be passed for the betterment of the milk supply in Jacksonville.

A dinner was held at the Dunlap house last night, preceding the speaking, which was held in the library of the medical society. The following physicians were present: Doctors Woltman, Norris, Wolfe, Halgrove, Stacy, Cole, Frank, Adams, Milligan, Cronch, Wakely, Foley, Black, Capps, Ogram, Baker, Dewey, Bradley, Gregory and Bove.

After the reports were heard a discussion took place, in which all those present took part and considerable interest was manifested in the subject.

The society gave a vote of thanks to the Chicago physicians and others who gave assistance in getting the data collected, believing that the community itself appreciates the kindly interest of all in the matter.

Report Presented.

The report follows: "In the latter part of January we were requested to undertake an investigation of the epidemic of sore throat in Jacksonville, with the hope that a definite cause could be found.

Two physicians were detailed to make a house to house canvass and ascertain the prevalence of sore throat, the dates of onset, and the milk and water supply. In all, over 7,400 individuals were reported upon, including residents of three states and one private institution. There were found 334 cases of septic sore throat.

"We obtained the services of Mr. Kruger, one of the best dairy experts of the Chicago Health Department to make a study of the dairy situation, with particular reference to the condition of the cows and the existence of caked bag or garget. From all cows that showed any suspicion of udder disease, we obtained samples of milk and forwarded the same for examination to the Pathological Laboratory of the University of Illinois in Chicago. To this laboratory cultures obtained from cases of sore throat also were sent.

Cans Were Infected.

As a result of these investigations, it was found that two cows, suffering from caked bag or garget, were giving milk filled with pus cells and streptococci; that the milk of these infected cows was sold to a certain dairy, which will be designated as dairy X; furthermore it was found that the majority of cases of sore throat were using milk or cream from dairy X. We believe, therefore, that these cows were responsible in large part for the epidemic of sore throat.

"It has only recently been discovered that caked bag or garget in cows may be caused by the same germ that is responsible for epidemic streptococcus sore throat and that the milk from these infected cows is the carrier of the germs. Under these circumstances and for the further reason that this disease may break out in any dairy even under the best conditions, no blame should be laid upon the dairyman.

"Nor does any blame attach to Dairy X, for it is a mere accident that the infected milk was sold to them. The one great protection the community must employ against such an epidemic is thorough and efficient pasteurization of the milk. The pasteurization employed by Dairy X must be applied for a sufficiently long time to destroy the germs entirely.

Ordinance Suggested.

"For the betterment of the milk supply of Jacksonville it is respectfully suggested by ourselves and Mr. Kruger that an ordinance be passed embodying the following essentials:

- "1. That the cows supplying the milk be clean and healthy.
- "2. That the cow stables be well lighted, drained and ventilated.
- "3. That the milk bottles be cleansed in hot water after each using.
- "4. That the bottling of milk or cream on the street or in the delivery wagon be prohibited.
- "5. That a sanitary milk room be maintained for bottling the milk.
- "6. That milk bottles be not removed from places where communicable disease exists, until the premises have been fumigated and bottles sterilized.
- "7. That the use of preservatives be prohibited.
- "8. That adulteration and dilution be prohibited.
- "9. That pasteurization be inspected to insure that the heating is carried out efficiently.

Precautions Neglected.

"Mr. Kruger reports that many of the above precautions for obtaining sanitary milk have been conspicuously neglected on the dairy farms. He states that for such a rich and prosperous section as Morgan county, the facilities and equipment for scientific dairy farming are surprisingly backward.

"The increasing number of milk borne epidemics not only of streptococcus sore throat but of diphtheria,

scarlet fever, and typhoid fever has rapidly won over physicians to the support of pasteurization of the milk as the one sure prevention. This may be carried out in the house by immersing the milk bottle in covered pail of cold water, heating the water to the boiling point and allowing the milk to remain in the water for thirty minutes before cooling.

"A more practical method is to have the milk pasteurized in a central plant and delivered in sealed bottles to the consumer.

"It is a gratifying sign that the owners of Dairy X have given us every assistance in this investigation and have also signified their purpose to give their patrons in the future the benefit of pasteurization by the most approved methods.

Pasteurization Essential.

"We believe that pasteurization is the only way to make milk absolutely safe and that every effort by the dairy companies to develop their pasteurizing facilities should be encouraged. Central pasteurizing plants with modern machinery are essential to the public health and the public should give its active support to such enterprises insisting on proper inspection."

You will find that the stock at the Crawford lumber yard is the best that money can buy.

SAVE SPRINGFIELD JOBBERS

AND BUSINESS MEN \$200,000

The organization of shippers in Springfield has saved the jobbers and business men of that city \$200,000 during the last year in obtaining lower freight rates, according to the circular letter sent out to the business men of this city by Paul B. Fritchey, secretary of the Chamber of Commerce, calling attention to the transportation meeting at 7:30 Monday evening in the Chamber of Commerce rooms. Every business man in Jacksonville is invited to attend this conference at which will be present J. L. Bowler, traffic commissioner of the Springfield Commercial association and Mr. Shuck, chairman of the traffic department of that organization.

In a supplementary letter sent out by Frank H. Bode, chairman of the transportation committee of the Chamber of Commerce, Jacksonville business men are urged to at least send a representative to the meeting, should they find it impossible to attend. "The representatives of the Springfield Commercial association are volunteering their co-operation. As a courtesy to them your transportation committee kindly urges your attendance." The Springfield shippers were forced to go before the interstate commerce commission, but won out in their fight against unfair discrimination.

PASTEURIZED MILK.

Those who investigate the subject of milk supply find that there is but one certain method of securing a pure product and that is by pasteurization. At this point the pasteurization machinery and methods are the best and we count an inspection of our equipment. Your milk order given to us means that the health of your family will be protected.

Jacksonville Creamery Co.

CONTRACT AWARDED.

The contract for the railing for the bridge at Nichols park has been awarded to the Jacksonville Plumbing & Heating Co., and work is to be begun as soon as the material can be procured. The railing is to be substantial and reasonably ornamental with lights at suitable distances.

You will always find the newest collar styles at Garland & Co.

SELS FARM AT AUCTION.

Capt. John E. Wright returned Saturday afternoon from Winchester where he sold at auction the George Brown farm, three and one-half miles east of Winchester, for the executor of the estate, Paul Cary. This farm of 80 acres was purchased by William F. Fletcher at \$86.25 per acre.

MONDAY

Won in the Clouds

A three part Universal extra special feature that is being shown now at the Hippodrome in St. Louis. It's a story of South African adventure in which animals, Kaffirs, a beautiful woman and a derigible balloon are shown in exciting and thrilling situations. Six reels of action and sensation condensed into three—featuring Herbert Rawlinson and Marie Walcamp.

Three reels of Airships, Lions, Elephants, Jungle Fights and Savages, with a charming love theme prevailing all.

SEE The wonderful Knabenshue Airship. The ten thousand dollar horse, "Arabia." The escape from the trap of flames. The attempted sacrifice to the jungle beasts.

The sensational destruction of the Kaffir village by lyddite bombs.

A Big Feature Every Day This Week

Prof. Leeder, union pianist, will have special music for all features. Hear him.

ILLINOIS DENTAL GATHERING SURPASSED NATIONAL MEETING

Jacksonville Dentists Report on Return From Chicago that Fiftieth Anniversary Celebration Was Largest on Record.

Five Jacksonville dentists have returned from Chicago where they attended the Golden jubilee celebration of the founding of the Illinois State Dental society, a gathering which surpassed in size the last national dentists' convention and which is said to be the largest meeting of its kind on record. Five thousand dentists from the United States and Europe met in Chicago from Monday until Thursday of last week, March 23-26, concluding the sessions with an immense banquet. The Jacksonville men in attendance were Drs. B. C. Sawyer, C. B. Powell, W. H. Babcock, W. B. Young and A. B. Applebee.

Old Time Dental Horrors.
Operative dentistry was not always blessed with the comparatively painless methods of modern times, according to a paper read Tuesday, the second day of the sessions on the "History of Operative Dentistry." Thirteen hundred years before Christ the Greeks extracted teeth by means of leaden forceps. Various methods were employed to loosen the teeth. "Galen recommended the root of pyrethrum, kept in vinegar for forty days and then pounded as the agent to loosen the tooth. The gum was cut all around the tooth and detached and then the tooth shaken loose with the forceps." It was not until 1844 that nitrous oxide was discovered and not for a quarter of a century more that this agent came into use as an aid to operative dentistry.

FRANK J. HEINL TO APPEAR AT LIBRARY

Will Speak Tuesday Evening on "Back to the Land on a Town Lot."

"Back to the Land on a Town Lot," continued, will be the subject of Frank J. Heinl, who will appear in the public library entertainment series Tuesday evening at 7:45. He will discuss the selection and planting of trees and shrubs and give many useful suggestions to the man of moderate income who desires to make his home a beautiful one. "Back to the Land on a Town Lot," was one of the best attended of the lectures last year. Mr. Heinl made use of the stereopticon and his lecture was interesting and instructive in every detail. No admission is charged to the library lectures.

GOSPEL SERVICES AT GRACE CHURCH.

Beginning Wednesday of this week special services will be held in Grace church in accordance with arrangements completed by the pastor, Rev. J. W. Miller. The subjects have been announced as follows:

April 1—"A Soul to Let."
April 2—"Waiting for His Return."
April 3—"Rev. McCarthy—"Seeking the Kingdom."
April 4—"a. m.—"The Unsearchable Riches of Christ."
P. M.—"Christ's Finished Work."
April 5—"Do Our Sins Always Find Us Out?"
April 6—"Mary Magdalene."
April 7—"Rev. Baylis—"A Great Question."
April 8—"Rev. Baylis—"Let Go of the Weights."
April 9—"The Greatest Love Story in the World."
April 10—"a. m.—"A Battle in a Grave."
P. M.—"Many Infallible Proofs."
The pastor also calls attention to the fact that next Sunday is not only "Go to Church Day" but that it is also "Decision Day" in Grace church.

WOMEN MAY BE STRONG
and enjoy life whether in the home or business world if they can keep at bay those ailments peculiar to their sex. If every woman realized how Lydia E. Pinkham's Vegetable Compound, that simple remedy made from roots and herbs, goes to the root of the trouble and overcomes such symptoms as backache, head aches, nervousness and irritability, they would be healthier, happier and stronger. If you suffer from any form of female ills why don't you try it? It will pay you to do so.—Adv.

MATHIS, KAMM & SHIBE SAYS:
We are more than pleased with the style and quality of our new spring shoes—they will please you too. Prices always reasonable.

NEWS FROM SOUTH AMERICA.
Relatives in the city have received word of the arrival of Dr. and Mrs. P. C. Thompson who sailed recently for South America to visit their nieces, Mrs. J. J. Miller of Victoria and Mrs. Arthur Carrier of Sao Paulo. In a card mailed from Bahia on March 21 they name the 23rd as the time for the ship's arrival in Rio Janeiro, the capital city of Brazil. Dr. and Mrs. Thompson expected first to visit Sao Paulo, which is connected by rail with Santos, a port two days' journey further down the coast from Rio Janeiro. They have by this time, most probably, arrived at the home of Rev. and Mrs. Carrier in Sao Paulo.

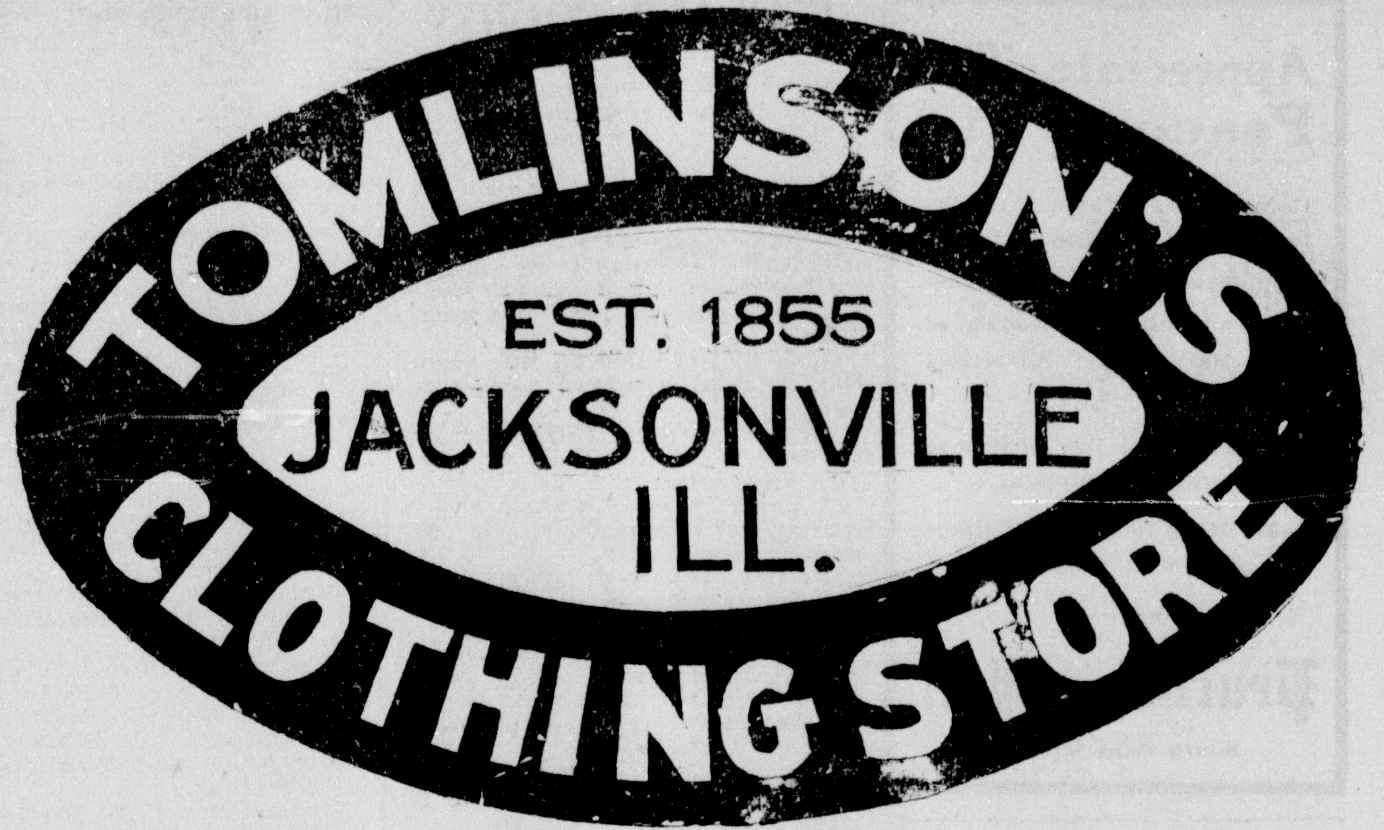

FREE for the boys—a go-cycle with each boys' suit.

CARD OF THANKS.
We wish to thank the many friends and neighbors who so kindly assisted us during the illness and after the death of our son, George Peter Arenz, also for the many beautiful flowers.

ILLINOIS DEBATEERS RETURN FROM AUGUSTANA COLLEGE.

The negative Illinois college debating team returned from Rock Island Saturday afternoon over the 2:08 C. B. & Q. They maintained, in their victorious contest with the Lutheran school, that the taking over of the express companies would involve the government in a policy of paternalism, that the government is less able to handle the business than the express companies and that the parcel post would not be successful were it not for the very low rates secured for carrying mail before the parcel post law was passed. The debaters were Ray Bracewell, Clarence Kimmel and Robbins Russell. Augustana was defeated also by Monmouth college Friday evening in the third of the triangular debates. The decision was three to nothing against the Lutheran school.

RICHARD DAY
candidate for road commissioner District No. 7.

IF HEADACHY, DIZZY, BILIOUS,—"CASCARETS"

Your Liver is Full of Bile; Bowels Clogged, Stomach Sour, Tongue Coated, Breath Bad.

Get a 10-cent box now.

You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and illtempered. Your system is full of bile not properly passed off, and what you need is a cleaning up in bile. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember the most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet, and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken.—Adv.

CANTON BUSINESS MAN, 20 YEARS STOMACH SUFFERER, FINDS RELIEF

M. Gibson Swiftly Restored by Use
of Mayr's Wonderful
Remedy.

M. Gibson, a business man of Canton, Ill., for 20 years was a sufferer from stomach disorders. He took many treatments and spent large sums seeking relief.

One day he tried a dose of Mayr's Wonderful Stomach Remedy. The results he sought came at once. He found quick relief. Telling of his experience, he wrote: "Your medicine is the best on earth. I have spent hundreds of dollars on medicine, doctor bills and hospital expenses. I have been sick for twenty years. Since I took your medicine I feel like a young man again."

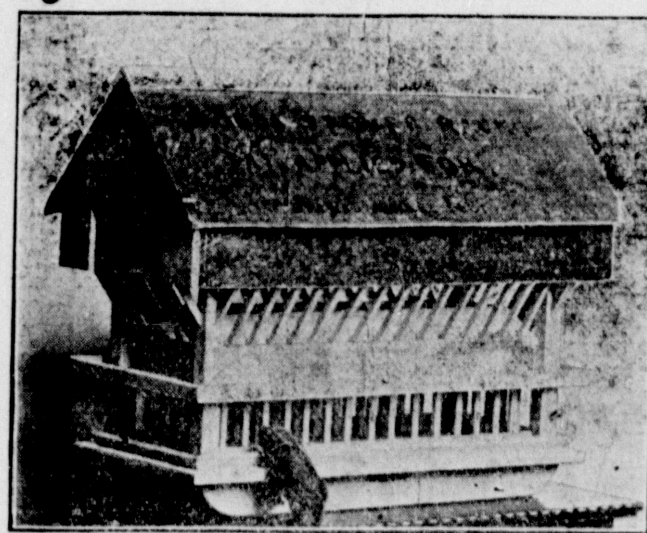

Letters like that come from stomach sufferers all over the country. Mayr's Wonderful Stomach Remedy

produces results. The first dose convinces—no long treatment.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and poisonous matter. It brings quick relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations, many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitators, so be cautious. Be sure it's MAYR'S. Go to Armstrong's drug store and ask about the wonderful results it has been accomplishing—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful effects.

Wood's Grain Softener

This device will enable you to fatten two hogs and two steers on the same amount of corn one is commonly fed, and produce a better gain.

We grind up the cob with the corn, feed the hogs on syrup drawn off the corn while hot. We mix it with ground oats

or shorts. This softened corn is good feed mixed with silage.

CO-OPERATION WILL BRING GOOD ROADS

SUGGESTIONS MADE BY STATE
HIGHWAY ENGINEER.

Urges Road Officials and Citizens to Combine in Observance of Road Day Designated by Governor Dunne—Day May Be Made the Real Beginning of Better Highways in Morgan County.

A. N. Johnson, state highway engineer, has sent to county superintendents of highways a letter making some practical suggestions for the observance of "Road Day" in accordance with the action recently taken by Governor Dunne. It is hoped that by the united action of road officials and citizens generally that the good roads movement may be given a decided impetus on April 15th.

The suggestions made by the state engineer are as follows: To County Superintendents of Highways:

"I would call your attention to the governor's proclamation, setting aside Wednesday, April 15th, to be observed as 'Road Day.' As Governor Dunne states, it is to be a work day and not a holiday. It is desirable that this day be observed by inaugurating work of a systematic character to be carried on throughout the year and these suggestions are made to help you in formulating a more complete plan suitable for the conditions which you encounter.

Co-operation Needed.

"First. As it is essential that the co-operation of all road officials be secured, you should, therefore, call together the highway commissioners in your county prior to April 15th, to discuss plans for the work to be done.

"It is suggested that the commissioners be called together immediately after the town election, so that the new commissioners may be present. With the different features of the work before them, the commissioners in each township should outline what is to be done and the county superintendent should go in to each township with the commissioners and arrange in some detail exactly the work to be taken up during the coming season, having in mind the accommodation of the greatest number of people, together with the funds available for the work.

"You should also interest your commercial associations having them meet with your commissioners and solicit their co-operation. Many associations will be able to offer cash prizes for the piece of road maintained in the best manner in the locality in which they may be interested.

"Second. The work would include grading, cutting down hills and filling low places; grading and widening approaches to bridges, widening and grading approaches at railroad crossings. These should be graded so as to be carried practically level for at least fifty feet on either side of the tracks. If this were done, many of the accidents that now occur at these crossings would be entirely avoided. All earth work should be done as early in the season as possible.

Third. Ditches should be opened; broken culverts should be repaired and plans should be made for building permanent culverts as fast as possible.

Fourth. Rubbish should be removed from the roadsides, hedges trimmed, and obstructions at corners removed. Use all your influence to preserve trees, and, in general, endeavor to have the roadsides made more attractive.

Fifth. In some localities, it may be practical to haul gravel or crushed stone. If this is done, the road bed should be properly prepared. See that the gravel or stone is well spread and not left in heaps for traffic to do the spreading.

Sixth. All earth roads should be dragged systematically; the commissioners making contracts verbally or in writing with adjoining residents to do the dragging.

General Suggestions.

Seventh. I would suggest that some organized effort be made to have the principal roads in each town first put in condition. These would include naturally all those indicated as state aid roads, and any other main roads that have not been so designated. These roads should be graded somewhat wider than the by-roads and each township should be prepared to spend more time upon the principal roads than on the by-roads. The principal roads should be graded so that the distance between ditches would be about 35 feet. The portion of these roads to be dragged should be 18 or 20 feet. Ditches on by-roads may be as close together as 24 feet, and the dragged portion should be 14 or 16 feet.

"On 'Road Day' make a beginning. The exact nature of the work will depend on weather conditions and locality. In some instances, it may be possible to start dragging; others to clean the ditches and in others to pile the rubbish preparatory to burning. Endeavor to interest as many people as possible in the work and to have them come out on the road on 'Road Day' prepared to do actual work.

"Let us endeavor, by co-operation one with another, to inaugurate a new era of efficient road work in the state. The new road law is essentially one providing for co-operation between all officials. The success of the work rests mainly with the township commissioners and the county superintendents of highways.

"A. N. Johnson,
"State Highway Engineer."

WOMAN'S COLLEGE NOTES.

The children's classes in cooking and sewing are well attended, there being at present an enrollment of eighteen. The work is going forward very successfully. Another year the classes will probably be formed in September instead of February and will continue throughout the year.

Miss Ruth Vail, who graduated last June from the department of home economics, has recently been appointed to the position as dietitian at the new Sherman hospital, Sherman, Texas. The position carries with it a good salary and is a recommendation of her ability and of the training she has received in the department.

Special bulletins of the department of home economics are being prepared and will be issued later in the spring.

The library is indebted to Mr. E. E. Crabtree for a number of useful and valuable books. This is a place where gifts are especially appreciated.

Quite a number of the teachers who have been attending the Central Illinois Teachers' association have been visitors at the college.

President Harker spent Monday, the 23d in Bloomington attending a session of the executive committee of the Forward Educational Movement.

Mr. O. J. Prentice of N. W. Ayer & Son, Philadelphia, was a guest at the college Tuesday.

COLLEGE OF MUSIC NOTES.

Jacksonville has seldom had so great a musical treat as was given here last Wednesday evening by the Kneisel quartet before a large and appreciative audience.

Mrs. Hartmann entertained some of the musical people of the city in her delightful manner in honor of the members of the Kneisel quartet after the concert.

Mr. Max L. Swarthout played "Valse Caprice" by Wienlawski, and "Perpetual Motion" by Rie, at the Christian church on Friday last. Mr. Donald Swarthout accompanied him on the piano.

The next number of the Artists' course, a concert by Mrs. Jess, soprano, and Miss Carol Rodinson, pianist, will occur April 6. Mrs. Jess is well known in this locality and Miss Robinson has won an enviable position in musical circles in Chicago.

On Monday the history of music class and the German club will join forces in a program based upon the Romantic Movement. Especial attention will be given to the poems of Heine and their settings by Schubert, Schumann, Franz and Brahms. Miss Ruth Reavis will read a paper dealing with the musical side, and groups of songs will be sung by Miss Beebe and Misses Fernie Hartsock and Johanna Onken.

The first of a series of six Senior recitals will take place on Thursday next, April 2, at 4:15, at Music hall. It will be an organ recital by Miss Alice Mathis. The public is invited.

ILLINOIS COLLEGE NOTES.

The double victory of the Illinois College debating team over Monmouth and Augustana caused great rejoicing on the hill. The interest in debating was never stronger than it is at present.

Carl Robinson delivered a very interesting address on "Constructive Thinking" at the chapel exercises on Tuesday morning. The trustees have again appointed Mr. Robinson to act as field representative for the college next summer.

Miss Ona Perkins, a former student of the college who is at present teaching, was in attendance at the Teachers' convention.

President Fellows of Millikin University, one of the speakers at the Teachers' Convention and a judge at the Monmouth-Illinois debate, was

a guest at the home of President Rammelkamp.

Professor Alden, head of the English department of the University of Illinois, and the Honorable Stuart M. Brown, of Springfield, judges at the intercollegiate debate, were entertained at the home of Mr. and Mrs. Worthington.

CONSERVATORY NOTES.

Members of the Illinois College chorus and students can obtain tickets for the Elijah concert next Friday evening, April 3, at the office of the Conservatory. These tickets can be exchanged for reserved seats at Brown's music store on and after Monday, March 30.

Mrs. Genevieve Clark Wilson sang the "Ave Maria" from the Cross of Fire, by Bruch, at the meeting of the Teachers' association in the Christian church Friday evening, March 27. As encore she gave "Mother Machree."

Miss Leonora Allen, a pupil of Mrs. Wilson, has had great success singing in Elger's "The Music Makers," with the Apollo club, Chicago, recently.

Miss Hazel Brown, who is spending her spring vacation from Wells college at home, has been a visitor at the Conservatory this week.

There will be a students' recital Monday afternoon, March 30, at 4 o'clock, in Recital hall.

Sallie Horton will play a violin solo at the State Street church Sunday afternoon, March 29, at the vesper service.

Miss Nathalia Jensen will give a program at the School for the Blind Sunday afternoon, March 29. Mrs. Andrew Russell and Mr. Viggo Jensen will play a sonata for piano and cello on the same occasion.

Miss Minnie Hoffman will play a solo at Centenary church on Sunday, March 29.

The annual mid-winter concert given by the Illinois College chorus, which was to have been given in January, will take place in State Street church next Friday evening, April 3. The chorus will be directed by Mr. William Kitch and will be assisted by the following soloists: Mrs. Genevieve Clark Wilson, soprano; Mrs. Julian Hall, contralto; Mr. Clark B. Ship, tenor; Robert Hockenbush, basso. The part of the youth will be sung by Miss Marguerite Butler and Mrs. Truman Carter will take the part in the Trio. The accompaniment will consist of string orchestra and piano.

Mrs. Wilson has sung the soprano parts in the Elijah many times with the chief choral clubs and orchestras in this country, and has made a profound impression wherever she has appeared in this oratorio. Mrs. Hall, contralto, is already favorably known in Jacksonville. She is singing this part for the first time, having been thoroughly coached in it by her teacher, Mrs. Wilson. Mr. Clark Ship has a high reputation in Springfield and other cities where he has appeared, possesses an unusually beautiful voice, and is well fitted to sing the Mendelssohn music. Mr. Hockenbush needs no introduction to Jacksonville, having been a favorite for many years and for which he is peculiarly well equipped. He will sing it for the first time in public at this concert.

The Illinois College chorus, under Mr. Kitch's direction, has worked faithfully on the choral parts of this great oratorio, and is carrying them through with enthusiasm and spirit.

This oratorio is generally conceded to be Mendelssohn's greatest work, and has probably been given more frequently and aroused greater enthusiasm than any other, with the exception of Handel's Messiah. The music presents many difficulties and has required a longer time than usual for rehearsing. The accompaniment will be played by Mr. Munger, assisted by an orchestra of strings.

AMERICAN FENCE.

TEACHERS HAVE CLOSED HELPFUL CONFERENCE

CENTRAL ASSOCIATION CONVENTION ADJOURNED SATURDAY AT NOON.

Anthony Middleton of Peoria Chosen for President the Coming Year—Resolutions Express Appreciation to all Who Contributed to Success of Program—Relationships of Teachers and Pupils Discussed By Able Speakers.

The thirtieth annual convention of the Central Illinois Teachers' Association came to a close at noon Saturday. The addresses of the morning session were given by President Fellows of Millikin University and Dr. Edward C. Elliott, dean of the educational department of the University of Wisconsin. Before adjournment, resolutions were adopted thanking those responsible for the success of the convention and officers for the coming year were named.

Officers elected are as follows:
President—Anthony Middleton, Peoria.
Vice president—A. W. Gross, Monticello.
Secretary—Miss Mary Moore, Decatur.

Treasurer—H. B. Beecher, Peoria.
Railroad secretary—Warren Taylor, Springfield.

Member appropriations committee of state—F. D. Thompson, Springfield.

Member legislative committee of state—C. H. Watts, Uppana.

Member resolutions committee of state—W. A. Gore, Jacksonville.

Executive committee—O. L. Manchester, Normal; H. L. Pawkes, Taylorville; L. H. Fulwider, Mt. Pleasant.

The place of the next meeting will be decided by the executive committee.

President Fellows subject was, "The Power of the Teacher." He said in part:

School Re-organization Needed.
"In a great part of our country the child is removed from first hand contact with nature. He gets his berries from a basket instead of a bush and his milk from a can instead

ANTHONY MIDDLETON.
Who was elected president of Teachers' Association.

of a cow. The child is removed from first hand contact with the productive industries. Factories have broken up the old time home. Things used in the home are now made behind doors marked "Positively No Admittance." These radical changes in the social order, demand a reorganization of the school upon a more social basis. The school must take on more and more the form of a workshop and more and more the form of a social center. The problem of moral training cannot be thrust back upon the home and the church.

"The ordinary curriculum of the school furnishes the best of opportunities to develop moral decisions and judgments. Mathematics, history, literature each is a compendious text book on accuracy, values and confidence, on moral choice and judgment, on the voice of the soul answering to the voice of the brook, the bird and the flower. Reading, writing, drawing and music present occasions for the control of mind and muscles. They are all means of social exchange of thought and feeling and proper instruction in them are powerful influences for the aesthetic in character and in social co-operation.

Recitation a Social Event.
A well conducted recitation is a social event. It is a joint search after truth. A friendly helpful criticism of wrong steps, a social approval of right answers or steps, a feeling of social dependence and individual independence. The possibilities for developing the social ethical judgment upon self and others in the recitation has not been dreamed of by most teachers. In play, in recitation, in work leaders will appear. In a democracy the development of intelligent, competent leaders is as important as the development of the common intelligence.

A great function of the teacher is to discover genius and ability and give it scope for exercise. Any program, course of study, or school machinery that limits any child's power is unjust and undemocratic. Under the present school machinery it is safe to say the bright, competent pupil suffers more than the dull one.

Four Tasks of Citizenship.
"For the service which the nation demands of her citizens, moral qualifications are of paramount importance. There are four great tasks which regularly fall upon American citizens, each one of which illustrates the paramount necessity for moral qualifications. These tasks are (1) to give testimony in courts of justice, (2) to serve as jurors, (3) to

vote at elections, (4) to hold office when elected. For the due discharge of these civil duties intelligence and a measure of mental training are imperatively necessary. Public justice is absolutely dependent on intelligent testimony from the witnesses in court. Without intelligence and the ability to weigh evidence the juror is incompetent and valueless. Without mental training how can citizens judge of the questions at issue on election day and of the merits and claims of parties and candidates? Nor can even the humblest office, much less the higher, be filled to the advantage of the people by men who are ignorant and untrained. The state does well to educate intellectually her whole people in order that these civil duties may be well performed. But if intelligence and mental culture are necessary in these premises, is it not self evident that more principle and moral character are infinitely more important? What avails the intelligence of the witness if he purposely gives false testimony? Or any mental training of the juror if he knowingly brings an unjust verdict? Or of the voter if he sells his vote? Or of the officeholder if he is incapable of being bound by his oath of office?

Must Impress Moral Obligations.
"The education which has not instructed the citizen in these moral obligations, and developed his moral sense to be conscious of their supremacy, has not fitted him for the responsibilities of citizenship.

"The evils from which the nation suffers most and the dangers which she chiefly dreads, are moral evils and dangers. Poverty, epidemics, fire and flood and earthquake may come, but we must admit that the whole sum of human suffering caused by physical agencies is not worthy to be named in comparison with the results of our moral evils.

"It is unquestionably the right and the imperative duty of the nation to perpetuate her moral character by training her citizens into that character. She does this in many ways, state papers, institutions, monuments, but she may and should do it by the most pervasive and efficient of all means, through the public schools.

"The American nation has a certain well defined moral character. It is not a perfect character. It is still in process of development. But insofar as we have a moral character with certain well defined features we have the right and are under the most solemn obligation to train future citizens in that moral character and in the underlying principles in what our national morality has its roots.

Schools Prepare For Citizenship.
Every year we receive from foreign countries about 1,000,000 into our population. Some of them bring help and strength to the best forces of our national life. Many antagonize our best laws. To assimilate all and make Americans the public schools must be our main reliance. The adult immigrant will not be easily or quickly changed. His habits are fixed but his children go into the public school there to be assimilated to the national character.

"Public schools are established to prepare the citizens for the duties of citizenship. Right moral character is the chief element in good citizenship. The life and welfare of the nation are dependent upon it. This element cannot be adequately supplied from any other source, therefore the public schools must regard moral training as a principal part of their work.

"Let the state teach in her public schools the system of morality which is embodied in her own laws, insofar as the state has a moral character, that character will be found expressed in her laws and these laws with the reasons which support them the state may and ought to teach.

Big Book Necessary.
"The mere teaching of the letter of the law would be of small value. The effort should be to convince every child of the wisdom, justice, necessity of goodness of every moral law on the statute books of the state. To make him feel that it is an evil and shameful thing to break any of these laws.

"This would only be doing more formally and explicitly what the state does in many other ways. In the rotunda of the capitol of Washington there is a painting of the embarkation of the pilgrims and of John Robinson, their pastor, discoursing to them out of an open Bible. In the capitol of Massachusetts is a painting of John Elliot preaching to the Indians. On the plaza of the city hall in Philadelphia is a bronze statue of heroic size in honor of the Pilgrims, which holds a volume with the title "Holy Bible" inscribed upon it. These are historic memories. The spirit which would object to similar lessons in our public schools would overthrow every such monument and obliterate every such inscription.

"The schools should keep pace with every step of moral progress made by the nation and should assist in that progress. A vision of such a time must have been before Abraham Lincoln when he wrote: 'Let reverence for law be taught in schools and colleges, be written in spelling books and primers, be published from the pulpits and proclaimed in legislative houses and enforced in courts of justice, in short, let it become the political religion of the state.'

"A happy future awaits this or any nation that in addition to intellectual and industrial training consecrates its schools to the development of the moral character of her citizens."

In the absence of Prof. Thomas Balliet of New York city, who is ill, Dr. Edward C. Elliott of the University of Wisconsin had a place on the program and gave the closing address of the convention. The subject was "The Measure of Merit in Pupils."

of people toward the teaching profession varies greatly. With some people the attitude is sentimental and they ascribe to teachers something more of influence than justly belongs to them. Then there is the opposite attitude which might be termed cynical which is expressed by the quotation: "Those who can do: those who can't teach." Then there are the tolerant, humanistic and the scientific attitudes.

The School and Real Life.

"One trouble in teaching work is some of the things we call large do not impress the world as such. Pupils somehow come to believe or find out that there is a wide gap between the doing of the school and those of the world. A practical application of what we teach and study should be made. I had occasion some time ago to receive applications from twenty different persons for a position as teacher of English. Some of them had doctors degrees. The one question I asked each was 'What have you written that has been published?' and practically every one answered 'Nothing.' The point is that I thought those who believed themselves qualified to teach English should have given some evidence of their ability to write, that they should have some thoughts on the subject which were worthy of giving publicity in print.

"In school work we sometimes have some fine moral standards which are so unvarying that they become foolish. For example, I have been in a school where if a pupil was half a minute tardy he must miss the entire half day in order to keep the record for tardiness clean.

MODERN GARAGE - EAST COURT STREET

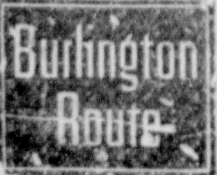

The Care-Free Way to California

"I wouldn't go any other way," says everyone who has gone on one of our low cost "Personally Conducted" parties to California.

They are so well managed, and are so comfortable and inexpensive.

There's no worry about baggage or other "travel detail," for our own special conductor goes all the way through, looking out for your comfort and explaining all about the points of interest as you pass along.

The cheerful company of congenial people who go on these low fare parties add greatly to the pleasure of the trip. Please write me today, or if you can, call at the office and let me tell you all about these famous Burlington Route "Personally Conducted" Parties to California.

E. F. MITCHELL,
Ticket Agent, Burlington Route.

G. A. FAUGUST

MAKE your bathroom the "comfort center" of your home. Make it radiate cleanliness and sanitation. Let it reflect personality, and have it so that you will be proud of it before your friends and house guests. To have such a bathroom does not necessarily require a large money expenditure—it means chiefly wise careful planning.

"Standard" Plumbing Fixtures is the answer to the query. What fixtures are best for my bathroom? The great variety of designs suiting all tastes is the reason.

Our bathroom designs in color show how beautiful the "comfort center" of your home can be.

FREE TREATMENT EXTENDED THREE DAYS

Dr. E. O. Gable, the Chicago Specialist, will return to the Hotel Dunlap, from 9 a. m., Monday, March 30, until 8 p. m., Wednesday April, 1.

He Has Decided to Continue His Great OFFER for this Trip Only.

DR. EDWIN O. GABLE

Author of the Neuropathic System of Treating Disease.

Owing to the great number of sufferers that called upon me last trip to take advantage of my Great Free Treatment Offer, which I made to introduce my system of treatment in this vicinity, there were many I did not get an opportunity to see, and for this reason I have decided to continue this offer, for three days, and will be at Hotel Dunlap from 9 a. m., Monday, March 30, until 8 p. m., Wednesday, April, 1, receiving patients from 9 a. m. to 8 p. m.

My Neuropathic system of treatment relieves disease by removing the impurities from the blood, by restoring normal circulation and secretions and by relieving the pressure on and irritation of the nerves. When this is done almost every chronic case is bound to be relieved no matter what organ of the body is affected. I have been successful in giving relief to many chronic cases where other treatments had failed. No matter how long you have suffered or what your disease is, I ask you to come to me. Let me examine you and see if you can be relieved by my new system of treatment. I will give you an examination, my professional opinion, and my services free of charge.

This new system is very successful in all forms of curable chronic diseases. It gives almost immediate relief to irritation and weakness of the muscles and nerves of the heart. I absolutely believe that I can relieve almost every case of acute and chronic rheumatism, no matter in what form or how much you have suffered. It removes the rheumatic poison from the blood. This treatment gives speedy relief to kidney troubles, irritation and diseases of the bladder and all forms of weaknesses of these organs. It is very successful in blood diseases, skin troubles, such as eczema, pimples, etc. It gives almost immediate relief to stomach troubles, dyspepsia, fermentation, constipation, liver troubles and nervous diseases.

I want you to understand that I do not pretend to cure every case of these troubles. If the disease has too badly destroyed the structure before I see the case I cannot do so. This is why it is necessary for me to make a personal examination of each case. I must see exactly what the trouble is, then I can tell you positively what I can do for you. I treat all curable forms of chronic disease and weakness of the eyes, failing sight, catarrh and deafness, head noises and sick headache. If you suffer, come and see me. There will be no charge for my services to all who call this trip. I am going to make regular visits to Jacksonville each month, and I want to examine and treat two or three hundred people to show them that my new system of treating diseases is the most scientific treatment. Remember, I invite every sufferer, rich or poor, to call on me on this trip. It may mean a great deal to you. Let me demonstrate my new system of treatment.

WORLD'S LATEST FINANCIAL AND MARKET NEWS

DECLINE IN STOCKS ENCOURAGES HEAVIER SPECULATIVE SELLING

Traders on pig side are disheartened by constant injection of new bearish influences and lack of outside support.

New York, March 28.—A decline in stocks which had proceeded steadily, though slowly since the first of the week, bringing no increase of buying as quotations receded, encouraged heavier speculative selling today. Traders on the long side were disheartened by the constant injection recently of new bearish factors and by the lack of outside support.

Railroad statements submitted today were unfavorable. Canadian Pacific reported a decrease of more than one million dollars in its net earnings for February.

Brieve operating income was reduced from \$770,000 in February of 1913 to \$215,000 last month. New York Central reported a policy of retrenchment as rigid as Pennsylvania's.

Time money rates were easier today owing to the inflow of money recently and the slack demand.

MEDICAL TEMPERANCE.

A meeting at which subjects related to Medical Temperance will be considered will be held in the west room of the Y. M. C. A. building Monday afternoon at 2:30 o'clock to which the public is invited. The following will be the subjects considered:
Substitutes for alcohol in medicine—Mrs. Lucia Smith.
Alcohol injures children—Mrs. Verge Daniels.
A mother's experience in non-alcoholic medication—Mrs. W. I. Brown.
Medical opinions of alcohol as a remedy in disease—Mrs. S. J. Murdoch.
Alcoholic degeneracy—Miss Matthe Tapp.
Causes of alcoholism—Mrs. Ettie Mason.
Intemperance in disguise—Miss Massie.
What can nurses do for temperance?—Mrs. Erickson.
Dr. Wiley on coco-cola and drugs—Mrs. Charles Hopper.
Medical temperance quiz—Mrs. S. J. Cocking.

BIDS ARE ASKED.

Bids will be received until 12 o'clock noon Sunday, April 4th 1914 by the city council of the City of Jacksonville for one auto chemical and hose wagon, in accordance with specifications on file in the office of L. H. Engel, commissioner of the department of health and safety, of the City of Jacksonville. The council reserves the right to reject any or all bids. A certified check for one tenth of the amount of each bid must accompany the bid.

R. L. Pyatt, City Clerk.

Dated, March 23, 1914.

NOTICE TO TAX PAYERS.

I wish to call your attention to extracts of the revenue law of this state: Paragraph 177, "All real estate upon which taxes remain due and unpaid, on the 10th day of March, annually shall be deemed delinquent." Paragraph 182: "At any time after the first day of April next after such delinquent taxes become due, the collector shall publish an advertisement giving notice of intended application for judgment for sale of such lands and lots." W. B. Rogers, Sheriff and Ex-officio Collector.

GOOD RAINS THROUGHOUT WEST SENDS WHEAT DOWN IN PRICE

Outlook for a decrease in Visible Supply Monday Acts as Steady Influence After Market Suffers a Moderate Sag.

Chicago, March 28.—Good rains throughout the west especially in Kansas, sent wheat today down in price. The market, although steady at the close was 1/4c @ 1/2c under last night.

Corn finished a sixteenth off to 1/2c up, oats unchanged to a shade lower and provisions with a gain of 5c to 12 1/2c.

Outlook for a decrease in the visible supply total Monday acted as a steady influence on wheat after the market had suffered a moderate sag. Short sellers of corn proved timid today in view of the unexpected upward whirl encountered the previous session. Trade in oats consisted almost wholly of changing from May to the more deferred futures. Provisions ascended with hogs. Packers took to the buying side, supposedly covering recent free sales short of the market.

Minneapolis Grain Market

Minneapolis, Minn., March 28.—Heavier receipts, a lighter cash demand, favorable weather reports and slightly lower cables all tended to soften the local wheat market today. Only the better grades of No. 1 hard and No. 1 Northern were booked by millers during the forenoon.
Cash—No. 1 hard, 94 1/2 @ 94 1/2; No. 1 Northern 91 1/2 @ 93 1/2; to arrive 91 1/2 @ 92 1/2; choice to arrive 93 1/2; No. 2 Northern 89 1/2 @ 91 1/2; to arrive 90 1/2 @ 91 1/2; No. 3 wheat 87 1/2 @ 88 1/2.

Peoria Grain Market

Peoria, Ill., March 28.—Corn 1/2c higher; No. 4 white 65; No. 3 yellow 65 1/2 @ 65 1/2; No. 4 yellow 63 1/2 @ 64 1/2; No. 3 mixed 65 1/2; No. 4 mixed 64 1/2; sample 66 @ 62.
Oats—Unchanged to 1/4c higher. No. 2 white 40 1/2; No. 3 white 38 1/2.

Among Our Churches

Bethel African M. E.—Will enjoy the pleasure of entertaining the 43rd session of the Illinois Annual Conference this year of Our Lord 1914, an honor coveted by many churches. The pastor, Rev. Geo. T. Shaw, who has served this congregation for nearly four years has been very successful and is well thought of by the fathers of the church, having been recently appointed as general superintendent of all the Allen Christian Endeavor societies of this conference, numbering more than fifty. He will also be one of the speakers at the conventional Young People's Congress to be held in Atlanta, Ga., July 8-12, 1914.

Congregational—Bible school at 9:30 a. m. Brotherhood Bible class at 9:30 a. m. Morning worship at 10:45, at which hour the cause of the Anti-Saloon league will be presented by the district president, the Rev. A. R. Van Fossen. No evening service.

Salem Evangelical Lutheran, East College street—Rev. J. G. Kuppler, pastor. Sunday school at 9:30 a. m. Public worship in German at 10:30 a. m., and in English at 7:30 p. m. Subject: "Barabbas". At 2 p. m., the regular quarterly congregational meeting will be held. Everybody cordially welcome to these services.

Services at Grace M. E.—J. W. Miller, pastor. Sunday school at 9:30 a. m. The music is good, there is a place for every one. Preaching at 10:45 a. m. Subject: "The Dynamics of the Cross." Junior League at 2:30. General Class meeting at 3:30 p. m. Epworth League at 6:30 p. m. Evening preaching at 7:30 p. m., subject: "The Best of the Wine at the Close of the Feast." The chorus choir will give some fine numbers. All are welcome to these services.

Westminster Presbyterian, Cor. W. College avenue and Westminster street. L. H. Davis, minister. Bible school, 9:30 a. m. Morning worship, 10:45; Y. P. S. C. E., 6:45 p. m. Evening worship at 7:30. The public cordially invited to all services.

Centenary M. E.—G. W. Flagg, pastor. Sunday school at 9:30 a. m. Albert Metcalf, superintendent; sermon at 10:45 a. m., "A Measure for God's Love." Junior Epworth League at 2:30 p. m. Senior Epworth League at 6:30 p.

The Silver Lining

BY WALT MASON

Las' summer, when the hot winds
blew, and witted things on every
hand, and when
the sun, in skies
of blue, shone
down and blis-
tered all the land,
we mortals raised
a bitter wail,
and cried, "In
this there is no
sense for all our
cherished crops
will fail! Oh,
drouth disas-
ters, get thee
hence!" Had
any moral high-
brow guys attempted to convince us
then that back of all was purpose
wise, we should have jeered and
jeered again. But now that theory
is fulfilled, for we're informed ten
thousand score Ben Davis apple trees
were killed, by that fierce drouth,
to bear no more. Ben Davis trees
are standing dead throughout this
glad and fertile land, and we regret
the things we said because we did
not understand. So, let's be pa-
tient after this when trouble dogs
us, close behind, for sorrow's but a
cloak for bliss and threatening
clouds are silver lined.

"THIS DATE IN HISTORY."

March 29.

1840—George Bryan Brummell
("Beau Brummell"), a celebrated
English man of fashion, died in
France. Born in London in 1778.

1847—The American army under
General Scott took possession of
Vera Cruz, Mexico.

1866—Gen. Winfield T. Scott, for
many years the commanding general
of the U. S. army, died at West
Point, N. Y. Born near Petersburg,
Va. June 13, 1786.

1867—Act passed for the union of
Canada, Nova Scotia and New Brun-
swick under the name of the Domini-
on of Canada.

1871—Royal Albert Hall of Arts
and Sciences opened by Queen Vic-
toria.

"THIS IS MY 45TH BIRTHDAY."

Baron Willoughby de Broke.

Baron Willoughby de Broke, who
is prominently in the public eye
just now because of his activity in
the Ulster cause, was born March
29, 1869, and succeeded to his title
upon the death of his father in 1902.
He belongs to one of the oldest
noble English families. The family
traces its descent from Sir Robert
Willoughby, who was created Lord
Willoughby de Broke by King Hen-
ry VII for his services at the battle
of Bosworth, which placed the Tudors
on the throne of England. The
present baron was educated at Ox-
ford. He was a member of parlia-
ment for some years, and is now an
officer in the Yeomanry of Warwick-
shire.

Congratulations to:—
Cardinal Gottl, one of the most
eminent members of the Sacred col-
lege, 80 years old today.

Gen. Thomas L. James, former
postmaster general of the U. S., 83
years old today.

John D. Works, United States sen-
ator from California, 67 years old
today.

Elihu Thomson, celebrated elec-
trical inventor, 61 years old today.

CLEANSER YOUR HAIR
MAKES IT BEAUTIFUL

It Becomes Thick, Wavy, Lustrous
and All Dandruff Disappears—
Hair Stops Coming Out.

Surely try a "Danderine Hair
Cleanse" of you wish to immediately
double the beauty of your hair. Just
moisten a cloth with Danderine and
draw it carefully through your hair,
taking one small strand at a time;
this will cleanse the hair of dust,
dirt or any excessive oil—in a few
minutes you will be amazed. Your
hair will be wavy, fluffy and abun-
dant and possess an incomparable
softness, lustre and luxuriance.

Besides beautifying the hair, one
application of Danderine dissolves
every particle of dandruff; invigorates
the scalp, stopping itching and
falling hair.

Danderine is to the hair what
fresh showers of rain and sunshine
are to vegetation. It goes right to
the roots, invigorates and strength-
ens them. Its exhilarating, stimu-
lating and life-producing properties
cause the hair to grow long and
beautiful.

You can surely have pretty, soft
lustrous hair, and lots of it, if you
will just get a 25 cent bottle of
Knowlton's Danderine from any
drug store or toilet counter and try
it as directed.—Adv.

YORK & CO

We Know the Meat Business.

For many years we have been selling meat to the people of Jacksonville and we know what the public wants.

Quality Meat at Low Prices is What We are Selling.

Model Meat Market West Morgan Street. Illinois Phone 1060.

The Expansion of Municipal Activities.

It was Emerson who said, "Our chief want in life is somebody to make us do what we can." If the sage of Concord were a student of municipal affairs today he would say, "The chief want of cities is somebody who shall let them do what they would."

Jacksonville citizenship is beginning to call for more activity in municipal affairs. The city commissioners are not expected to assume all responsibilities, but they can supplement the work which the various civic organizations are including in their programs of this and coming years. Suggestions, not knocks, advice, not selfish criticism, are welcomed by most men. They spur to action and reap for us rewards and praise from out fellow-men.

The One Week of the Year. The best brains, the most influence and the greatest store of energy is being concentrated into a week which will be later designated by the mayor will be later designated by the Week in Jacksonville.

Men and women representing organizations of prestige and strength are formulating plans to beautify our city. They are not prompted by selfish motives, but the kind of pride that every home loving citizen should have to make what they own and control look its best.

The city administration is with them, and the people who are beyond the appeals of a city and city's patriotism will be compelled by law to clean up their premises and their alleys. It is hoped that no drastic means will be resorted to, but the spirit of "We Will" will contagiously stimulate "Jacksonville of Today." The Chamber of Commerce in helping to foster a "Clean Up Week" is serving this community

for its better health and appearance as much as it is in bringing a new industry into our midst. Under the able and organized direction of Mrs. David Reid it is bound to be a successful attempt.

Settlement of Our Franchises.

The news that the city council will take up the matter of the public utility franchises next Monday is heard with delight. Postponed action is losing the city revenue and preventing street and public improvements. Agreeable and early settlement is necessary.

Springfield Men Coming to Attend Important Meeting of Shippers, Monday Evening.

It was decided yesterday that a meeting which was to be arranged for all the business men of Jacksonville who ship or receive freight in appreciable quantities would be held Monday evening instead of later in the week.

The board of directors through their transportation committee of which Frank H. Bode is chairman have been making careful investigations and have found Jacksonville to be discriminated against in the classification of different kinds of merchandise. Plans are being perfected by which the Chamber of Commerce will have a more efficient traffic department for the settlement of claims and protecting our business interests.

The meeting Monday evening is a very important one for both the heavy and light shippers and for members of the Chamber of Commerce and their friends. J. L. Bowls, traffic commissioner of the Springfield Commercial Association; Charles Shuck, chairman of the traffic department and other representative business men will be here to tell us how their organization is saving the business men of Springfield \$200,000 a year.

THE BEST DRESSED MEN AND Young Men to be Seen on the Street at Easter Time Will be the Tailored - to - Order

Why? Because so many now have learned that they can be smartly, stylishly and accurately dress d in made-to-order suits, and top coats, that fit, for the same money that more or less ill-fitting and unsatisfactory made-for-anybody garments cost. Then, too, in addition to having a suit or top coat that has individuality and is a perfect fit, they have had the opportunity to select from among thousands a pattern that they always will like and that their friends will admire. The cost for these garments, suits or top coats, made to your individual measure from the latest patterns and in the new styles, and guaranteed satisfactory will be

\$20.00 to \$30.00

and will be Ready for Easter

Of course every man and young man wants something new and nobby for Easter Sunday—something that will put him in the Front Rank with the best dressers. That is exactly what we are showing—the very latest patterns, in the whole piece so you can get a good idea how a garment will look when made up, and prices less than you often have paid for unsatisfactory ready made. Once tried always a customer.

Just a Few Words About What Good Dressers Will Wear This Spring

The Leaders This Spring

Will be black worsted, with fine white silk stripe, one of the swellest patterns yet offered. Don't fail to ask to see this beautiful piece of cloth. Suits to order, guaranteed at from \$20.00 to \$30.00. We are also showing the Gibson and Lumgair, "London," imported novelties, for stylish dressers. Suits to order, guaranteed \$28.00.

Something in Novelty Goods

For those who want something "just a little different," we have a splendid line of Tarlton blue and olive plaids. These are patterns just out and are really fine. Suits to order, guaranteed \$25.00. The Tarlton browns and club checks will be popular with those who can wear these shades. Price is the same as for the blue and olive plaids.

Easter Sunday Will Soon Be Here and You Will Want That New Suit Then. Come in Tomorrow

Jacksonville Tailoring Company

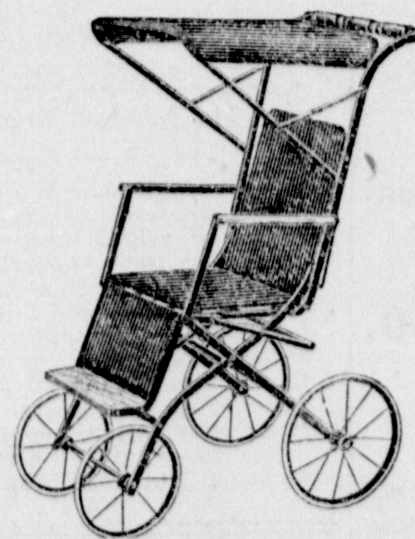

The Shop of Quality and Reasonable Prices. 233 East State Street.

Replenished Spring Stocks! Refreshingly Low Priced!

NOTICE OF EXAMINATION. An examination for teachers' certificates will be held at my office in the court house on Friday and Saturday April 10th and 11th. Work will begin promptly at 8 o'clock, morning. H. C. Montgomery, County Superintendent of Schools. I wish to announce myself as a candidate for road commissioner for road district No. 6. A. W. Jewsbury.

The Ayers Safe Deposit Vault

A Safe Deposit Box is not a luxury, but a necessity to the owner of stocks, bonds, deeds, mortgages, insurance policies and other valuable papers.

Anxiety about jewelry and silveware not in use is dispelled when they are in a Safe Deposit Vault.

It may be of interest to know that in the construction of the vault there are more than 380,000 pounds of steel and the door itself weighs 14 tons.

To rent a Safe Deposit Box in this vault costs less than one cent a day.

Private rooms for the examination of papers are provided for the convenience of patrons.

PERCY DICKINSON DIES
SUDDENLY OF HEART TROUBLE

Well Known Resident of Lynnville
Neighborhood Answers Final Summons—Funeral Will Be Tuesday.

Percy Dickinson, a well known farmer of the Lynnville neighborhood, died suddenly at his residence Saturday morning at 4:30 o'clock. Early Friday evening Mr. Dickinson complained of a pain in his stomach, took some medicine that Miss Susie Dickinson, his niece, prepared for him and retired about 9 o'clock. He asked his niece to prepare some medicine for him at 10 o'clock and as he seemed comfortable Miss Dickinson returned to her room. Mr. Dickinson called his son and his niece about 2:35 o'clock Saturday morning, when he was much worse, and a physician was called. He passed away at 4:35 o'clock from heart disease.

Percy Dickinson was born in Thornton, Yorkshire, England, Jan. 1, 1844, and came to Morgan county with his parents in 1849. The family purchased the farm where Mr. Dickinson died, in 1855, and the deceased spent practically his entire life there. He was married to Miss Eliza Ann Reaugh March 26, 1873. She preceded him in death April 12, 1875. He is survived by one son, Oliver Reaugh Dickinson of Lynnville, Miss Sue Dickinson, his niece, and two brothers, George Dickinson of Monticello and Hartas Dickinson of Portland, Ore.

Aug. 1, 1861, Mr. Dickinson enlisted as drum major in Co. F, Thirty-third Ill. Inf., and received his final discharge November 24, 1865. His regiment was in many of the heaviest battles of the civil war. Mr. Dickinson was a member of the Lynnville Christian church and of Matt Starr Post, G. A. R.

Mr. Dickinson was a man of strong convictions and was above reproach in his dealings with his fellow men. He was accounted one of the substantial citizens of the Lynnville community and was ever ready to aid in any good work. He followed the occupation of a farmer all his life and was most successful. His home abounded in hospitality and his neighbors and friends attest to his many acts of kindness in times of sickness and want.

Mr. Dickinson took unusual pride in keeping his farm in splendid shape and his love for the beautiful in nature was shown in the upkeep of his yard. It abounded in all sorts of shrubbery, hovers, attractive plants and flowers, and was always the subject of much comment by those passing his home. He was of a jovial disposition and enjoyed a good joke. Of late years he had given much time to reading and was an exceptionally well posted man on the leading topics of the day. In his death the community loses a valuable citizen, a kind neighbor and true friend and his passing away will be learned with much sorrow.

Funeral services will be held at the Lynnville Christian church Tuesday morning at 11 o'clock and interment will be made in the Lynnville cemetery.

KNOX, STETSON and other desirable style hats for men are shown by FRANK BYRNS' Hat Store.

AMERICAN FENCE. There's but one BEST in everything. In FENCE IT'S AMERICAN. Sold by GAY'S RELIABLE HARDWARE.

IT'S THE FILM THAT
MAKES THE PICTURE

The above assertion is true, provided the proper camera is used, which includes the right kind of lens and shutter. If the camera is an ANSCO no further comment is necessary, inasmuch as the ANSCO is made by manufacturers of ninety-eight per cent of all professional cameras that have been used in this country during the last sixty years. A professional photographer cannot afford to make failures and that tells the whole story.

The next step to consider is the brand of films to use, and what that brand stands for. Nature is a riot of color. To portray nature faithfully by photography, colors must be reproduced in fine nuances of black and white, corresponding to each tone in its correct value.

This is what ANSCO FILM will do, because its chromatic values are correctly balanced. They are sensitive to the right colors, and in the proper degree, so as to produce the various tints of black and white necessary to create the correct impression.

MORTUARY

Jepson.

Word has been received in the city of the death of a former resident, Edward Jepson, who passed away in Elgin, Ill., Saturday morning. The telegram did not state the cause of death, but from it suddenly it is thought to be heart disease.

Mr. Jepson was 36 years of age and was born and reared in Jacksonville. He was a painter by occupation. He moved to Elgin about two years ago. He married Miss Nellie Welch, who died eight years ago. He is survived by two children, Mary and Ellen, and two brothers, Samuel of Springfield and John of Council Bluffs.

The remains are expected to arrive in Jacksonville tonight or Monday and will be taken to the residence of Mrs. Frank Ward, 415 Coltra avenue. It is probable that the funeral will be held at the Church of Our Savior, Tuesday morning.

Smith.

Elmer E. Smith, aged 63 years, died at Passavant hospital Saturday night at 8:45 o'clock after an illness with pneumonia.

Mr. Smith was born in Pekin, Ill., March 1, 1851 and was married to Miss Alice McLean who preceded him in death. Mr. Smith is survived by three children: Alfred E. and Earl Smith, both of this city, and Mrs. Ella Presley of St. Mary, Ohio. He is also survived by one brother, Frank C. Smith of Kansas. Mr. Smith was formerly an engineer at the state school for the deaf.

The remains were taken to the Gillham undertaking establishment. Arrangements for the funeral have not been made.

SOCIAL EVENTS.

Mr. and Mrs. F. P. Dawson of 542 South Diamond street, entertained a euchre club to which they belong, at their home Saturday evening. The time was pleasantly spent with cards and the prizes were won by Mrs. Frank O'Donnell and Clarence York. The consolation prizes went to Mrs. Walter Martin and Mr. Van Horn. During the time suitable refreshments were served.

A happy gathering of little folk was held at the home of Mrs. L. F. O'Donnell, 938 South Diamond street, Saturday afternoon, the occasion being the fifth birthday of her daughter, Frances O'Donnell. There were twenty-five little friends present and the afternoon was spent in playing gleeful games and prizes were won by Agnes Kennedy and Marguerite Bennett. The decorations were in keeping with Easter and during the afternoon refreshments, delightful to children's hearts, were served.

FUNERALS

Zastrow.

Funeral services for Edwin Zastrow infant son of Mr. and Mrs. William Zastrow, were held at the late residence, 311 West Morgan street, Saturday afternoon at 2 o'clock, in charge of Rev. J. G. Kuppler, pastor of Salem Evangelical Lutheran church. Music was furnished by the members of the church and the many beautiful flowers were cared for by Mrs. John Kern, Mrs. D. G. Baer and Miss Marie Graubner. Interment was made in Jacksonville cemetery.

Maloney.

The funeral services of Mrs. Luke Maloney were conducted Saturday morning at the St. Bartholomew church in Murrayville, in charge of Rev. Father Macauley. There was a large number of relatives and friends present to pay a last tribute of respect to the dead. The beautiful flowers were cared for by friends. Interment was made in the Murrayville cemetery and the bearers were: John and Michael Robinson, Dennis Reardon, Daniel Burke, John McCabe and Thomas Winters.

MATRIMONIAL

Jaques-Upchurch.

The marriage of Russell S. Jaques and Miss Joy L. Upchurch, took place Saturday afternoon at 4:30 o'clock at the Centenary M. E. church parsonage, Rev. G. W. Flagg, officiating. Miss Pearl Ham of Concord was a witness to the ceremony. The groom is the son of Mr. and Mrs. G. W. Jaques, and is employed as a stationary engineer. The bride is the daughter of Mr. and Mrs. Ira Upchurch. After a few days spent in St. Louis, they will make their home in Mt. Sterling.

AT THE GRAND.

Colvin, America's foremost hypnotic scientist, who will be all this week at the Grand Opera house, is widely known for his marvelous psychic powers and control over the realm of the subliminal mind. He causes his subjects to display unsuspected energies and perform feats at the direction of forces too great to be confined within the limits of brain and nerve. See him and be convinced of the wonderful influence he wields over his subjects. Allow a man who is familiar with the science to make plain to you its wonderful possibilities. He will enlighten you upon a subject with which it is your duty to become familiar. See Colvin at the Grand for 5 and 10 cents, prices which are in accord with Manager Boyd's policy and which shall stand no matter how much greater the expense.

BLUFFS CITIZENS PROMOTE HIGHWAY

WILL RAISE FUND AT ONCE TO
FURTHER PROJECT.

Ocean to Ocean Thoroughfare to Cross Illinois River at Valley City Where Road Bed Will Be Raised—Officers Elected and Soliciting Committee Appointed.

A step further was taken on the Ocean to Ocean highway, in respect to the road between Hannibal and Springfield, at an important meeting held Friday afternoon, under the auspices of the Bluffs Improvement club, at Bluffs. There was a large and enthusiastic gathering of citizens of Bluffs and vicinity, also a delegation of sixteen from Griggsville. Officers were elected and a committee was appointed to solicit funds for the furtherance of the work.

As has been previously mentioned preparations for the highway beyond Hannibal and beyond Springfield have been perfected and it is now the duty of the people living between Hannibal and Springfield to see that their part of the work is accomplished.

The first business transacted yesterday was the election of officers as follows:

President—Dr. C. A. Evans.
Secretary and Treasurer—Leonard Black.

Several of the visitors from Griggsville made timely talks about the big highway and told of the importance of such a road to the country through which it passed. In this great automobile age, more attention than ever is being made to thoroughly equip the roads, so as to facilitate travel. According to the plan the thoroughfare will cross the Illinois river at Valley City and take the north road from Bluffs to Chapin, striking Bethel and Chapin. A new road will be laid out east of Valley City to connect with the Philip's Ferry road. For a half a mile at this point, the road bed will be raised two feet higher than the high water mark of the year 1844.

It is also the purpose of the club to widen the road wherever needed in their jurisdiction and in places where the sand is bad, black dirt will be hauled and placed on top of the sand. It is figured that it will take at least a \$1,000.00 to build the half mile of high road and for the purpose of raising this money and other moneys which will be needed later, a committee was appointed consisting of Messrs. Henry Knoepfel, C. E. Werriss, Martin Lovcom and others. They will commence at once to raise the amount and it is expected that, from the interest manifested no trouble will be experienced along this line.

Mendelssohn's Elijah, Friday evening, April 3rd.

ARMED GUARDS ARE HIRED TO
GUARD ALL ALTON CHURCHES

St. Louis, March 28.—Armed guards have been hired to guard churches in Alton, Ills., during the next few weeks as a result of the burning of the Y. M. C. A. building there today. The fire is believed to have been incendiary and leaders in the "dry" campaign now being waged in Alton believe that the blaze was the result of the ill-feeling aroused in the present political fight.

The Rev. C. W. Reese, who started a crusade against the segregated vice district today wrote a letter to Mayor Joseph Faustich, demanding police protection. This letter was written after a threatening note had been found nailed to the door of the First Methodist church saying churches and preachers were to be abolished and warning preachers to lookout for their lives.

The letter to the mayor accuses the latter of making derogatory statements concerning him and adds:

"There can be but one tendency resulting from such loose language on the part of a man whose sworn duty it is under the law to execute the ordinances of the city and afford protection to its citizens, namely, that some ignorant ruffian will misconstrue your words to mean protection to himself and as a license for him to use force and violence with impunity."

"I wish to call your attention to the provisions of the state statute relative to injury to persons and property by mobs. And I hereby wish to notify you that as a citizen of Alton I demand at your hands the necessary and the requisite police protection that I may safely walk the streets of this city and not be molested, either in my person or in my property."

Bomb Damages Club House.
Rock Island, March 28.—An explosion, which the police believe to have been caused by a bomb, wrecked four windows and did other damage in the club house of the Knight of Daniels club today. No one was hurt.

C. S. Tate, president of the club which carries on temperance work among boys, sleeps in the club house but had moved his room last night after receiving two anonymous letters threatening his life. Tate has been active in the local "wet" and "dry" fight.

The police announced tonight they believed they had traced the writer of the anonymous letters but would delay making an arrest until their evidence was confirmed. They doubt that the explosion was caused by Tate's political opponents.

PERFECT PLANS FOR TRACK MEET

SPRINGFIELD AND BEARDSTOWN
WILL COME HERE.

Jacksonville High School Will Compete for Honors at Big Athletic Gathering to be Held Here April 18—Coach Buland Getting Men in Shape.

What promises to be one of the fastest athletic meets in Central Illinois will take place in Jacksonville April 18, when J. H. S., Springfield High, and Beardstown High, members of the Tri-City league meet. Each school has a number of men who are strong and the competition promises to be of the keenest variety. Two years ago the league met in Springfield, this year it comes to Jacksonville and next year will convene in Beardstown.

Springfield has an usual strong list of athletes this season. Recently they held an indoor meet in which some fast races were pulled off. One athlete ran the mile in 4:59 and in Hamel, they have a swift man for the dashes. He was a point winner at the last meet of the Corn Belt.

Beardstown always puts out a fast bunch of men and it will be remembered that they won the W. I. H. S. league honors here last year. Knight and Crum are two dangerous men and they have other strong contenders for the various events. Coach Buland has out a number of candidates, which he is limbering up for the meet. Among the candidates are W. Carter, captain; J. Sutherland, Reynolds Bros., Gary Whitlock, Walter Hembrough, Clay Killbrow and Tom Cannon. With the continued warm weather the men will utilize every moment in getting into shape as the time is short.

Balmacann coats at Garland & Co., \$16.50 and \$20.00.

BRACEMAN WAS INJURED.
Charles Young, a brakeman on the C. B. and Q., suffered a dislocated hip as the result of an accident in Virden, Saturday afternoon, while coupling cars. He was brought to Jacksonville at 5 o'clock and taken to Passavant hospital for treatment. His home is in Beardstown.

Shingles, shingles, you will get the kind that stand the storms and weather if your order is placed with the Crawford Lumber Co.

Judge Story of Springfield was among the visitors in Jacksonville yesterday.

A bunch of shingles, the good kind, costs but little and their use may save many a dollar. Order from the Crawford Lumber Co.

GLEE CLUB COMING.
The Eureka College Glee club is now making a tour over the state and will give a concert at the Christian church Friday night. The president of the club is Davis S. Martin, son of Mr. and Mrs. T. S. Martin of East Morton avenue.

A guaranteed watch free with each boys' suit at Garland & Co.

Mrs. Blanche Berry of Monmouth is visiting her sister, Mrs. John McCree of 315 Anna street, who has been quite ill for the past ten days.

Mrs. Genevieve Clark Wilson, in Eljah, April 3rd.

Miss Sarah M. Stacy, who is suffering from a paralytic stroke at her home, 1106 South Clay avenue, was reported yesterday to be somewhat improved.

See the new, nobby hats shown by Mrs. Beerup this week. She will meet customers by appointment evenings until Easter.

Mrs. Henry Ricks, who recently returned from Ceresota, Florida, brought home with her a banana, which had just started to bloom and was a curious thing for those who had never seen the fruit in its natural state.

Elijah, sung by I. C. chorus, State Street Church, April 3rd.
